

Testimonials

Weng Fuhu, Sales Manager at China First Heavy Industries:

“This is the first time our company had a stand at NEFTEGAZ. The purpose of our participation is to broaden the market, create a sales funnel in Russia and, of course, to enlarge our footprint on the Russian market. In my opinion, for our company participation in NEFTEGAZ has been effective and successful. We have managed to find useful contacts and conduct a series of meetings with existing clients. Most likely, next year we will take part in NEFTEGAZ again.”
