

"NEFTEGZ - 2021"
draft business program
changes and additions can be done

26 APRIL 2021 г. – MONDAY

11.00–13.00
Pavilion №2, seminar hall №4

«New technologies of transferring information for digitalization of oil and gas field».
Presentation OOO «NPO «MIR»

OPEN SPACE EVENT

Organizers: AO «EXPOCENTRE», OOO «NPO «MIR»
Contact person:
Sokina Irina Leonidovna
Tel.: +7 (913) 624-16-24, (3812) 35-47-10, ext. 11-85
E-mail sokinail@mir-omsk.ru

11.00–16.00
Pavilion №2, hall 3
Presentation area

Business and scientific presentations area. «Power and control conductors in oil and gas production»

OPEN SPACE EVENT

Organizers: AO «EXPOCENTRE»

11.00–13.00
Pavilion №2, hall 3
Presentation area

«Ramcro - innovative cable technologies for the oil and gas industry».
Presentation OOO «STABCAB»

OPEN SPACE EVENT

Organizers: AO «EXPOCENTRE», OOO «STABCAB»

11.30–12.00
Pavilion №2, hall 3
Presentation area

«Holding «Cable Alliance». Cable and wire products for the oil and gas industry. New developments of the oil-submersible cable»

OPEN SPACE EVENT

Organizers: AO «EXPOCENTRE», OOO « Holding «Cable Alliance»

12.00–12.30
Pavilion №2, hall 3
Presentation area

«Replacement of tube bundles in heat exchangers using innovative twisted tube technology»

OPEN SPACE EVENT

Organizers: AO «EXPOCENTRE», OOO «PromHimTech»

13.00–13.30
Pavilion №2, hall 3
Presentation area

«Innovative technologies in the production of cables for the oil and gas industry».
Presentation OOO «STABCAB»

OPEN SPACE EVENT

Organizers: AO «EXPOCENTRE», OOO «STABCAB»

11.00–18.00
Pavilion №7,
halls 3, 4, 5

Schneider Electric Innovation Summit Moscow 2021

Organizers: AO «EXPOCENTRE», Schneider Electric company

OPEN SPACE EVENT

14.00–17.00
Pavilion №8,
conference hall

«Issues of interaction processes standardization between helicopter operators and enterprises of the fuel and energy complex»

Organizers: AO «EXPOCENTRE», Association Of Helicopter Industry

OPEN SPACE EVENT

27 APRIL 2021 г. – TUESDAY

11.00–16.00
Pavilion №2, hall 3
Presentation area

Business and scientific presentations area. «Current trends in the development of the oil industry»

Organizers: AO «EXPOCENTRE»

OPEN SPACE EVENT

«Effective solutions for oil and gas»

11.00–13.00
Pavilion №8,
conference hall

Organizers: AO «EXPOCENTRE», Siemens company
Pre-registration before the event

OPEN SPACE EVENT

11.00–12.00
Pavilion №8,
meeting room №2, 3rd
floor

«Ramcro - innovative cable technologies for the oil and gas industry». Presentation OOO «STABCAB»

Organizers: AO «EXPOCENTRE», OOO «STABCAB»

*PRELIMINARY
REGISTRATION*

11.00–16.00
Pavilion №2, hall 3
Presentation area

Business and scientific presentations area. «Current trends in the development of the oil industry»

Organizers: AO «EXPOCENTRE»

OPEN SPACE EVENT

11.00–11.30
Pavilion №2, hall 3
Presentation area

«Total: high-performance oilfield chemicals»

Organizers: AO «EXPOCENTRE», TOTAL VOSTOK company

OPEN SPACE EVENT

12.00–12.30
Pavilion №2, hall 3
Presentation area

«Cleaning machines, plungers, pump bucket, balls made of polyurethane in the oil industry". Presentation of the company OOO «Gidravlika»

OPEN SPACE EVENT

Organizers: AO «EXPOCENTRE», OOO «Gidravlika»

12.30–13.00
Pavilion №2, hall 3
Presentation area

«The first successful experience of using hydrocarbon-based solutions in the Republic of Belarus»

OPEN SPACE EVENT

Organizers: AO «EXPOCENTRE», OOO «Himprom»

11.00–18.00
Pavilion №7,
halls 3, 4, 5

Schneider Electric Innovation Summit Moscow 2021

Organizers: AO «EXPOCENTRE», Schneider Electric company

OPEN SPACE EVENT

12.00–15.00
Pavilion №2,
seminar hall №3, 1st
floor

«Experience and solutions AO «Tekknow» company in the oil and gas industry»

Organizers: AO «EXPOCENTRE», AO «Tekknow»
It is necessary to fill in a form at the entrance to the seminar

OPEN SPACE EVENT

Topics:
– presentation AO «Tekknow»;
– « Domestic production of control and measuring devices AO «Tekknow». Proven solutions for measuring the level and flow of heavy and light liquid media in the oil industry»;
– «Modern engineering solutions for metrological laboratories of oil and gas industry companies»;
– « Preliminary diagnosis of various defects by acoustic methods »;
– « New solutions in the market of laser alignment devices from the perspective of import substitution tasks».
